As I learn to learn from unusual sources, I pray that you teach me to appreciate the interconnected nature of things.

Teach me, not just about the way the waves rise but what causes them to fall. Teach me to appreciate that the trees I fell, the small creatures I kill with **indiscriminate** use of fertilizers and pesticides on the ground, the urban decay I cause with my **consumerism**– all add to awesome imbalances in the natural state of things that cause death and **destruction** and can one day, **engulf** me and mine.

Each time I see a **scavenging bird** on my city's skyline teacher, tell me why the singing birds are going away. And tell me how I can see them **perched** on my window sill again.
