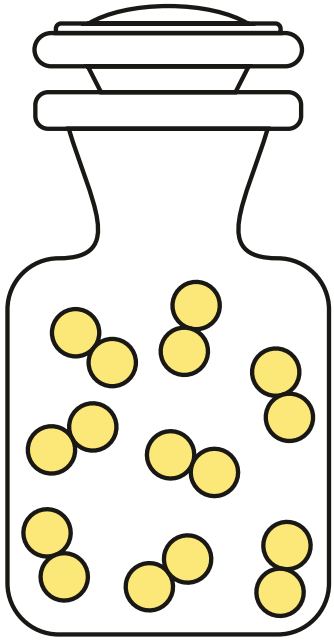
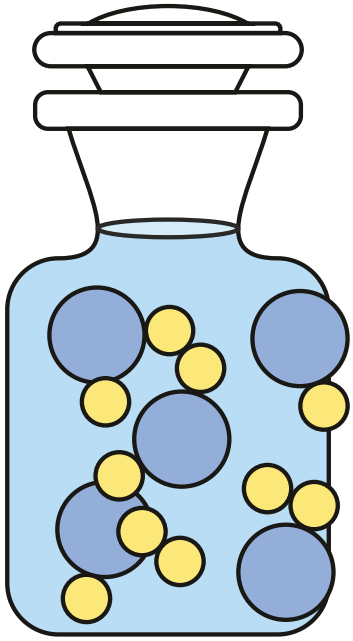
Unit 3

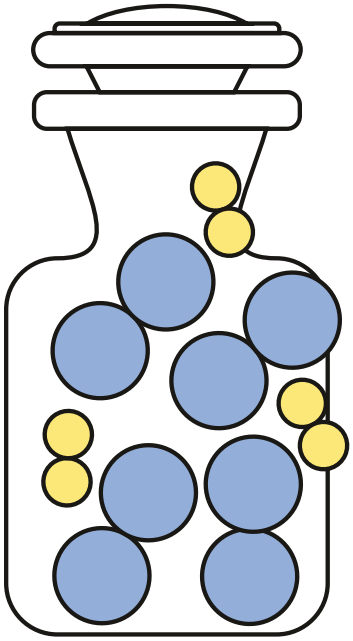
Matter Around Us



Element (Hydrogen)



Compound (Water)



Mixture (Hydrogen & Oxygen)

Learning Objectives

After studying this unit, students will be able to:

- know about the molecules of elements and compounds.
- write the symbols of common elements.
- calculate the atomicity of commonly used elements.
- know about the occurrence of elements and compounds in nature and human body / air.
- understand the effects of temperature on solid, liquid and gas.
